

40Vmax XGT BRUSHLESS GREASE GUN

Delivers up to 10,000 PSI of Maximum Pressure

MODEL #
GP001GZ

XGT 40V_{max} **BL**
MOTOR

40Vmax XGT BRUSHLESS GREASE GUN, TOOL ONLY

- **Designed to Deliver Stable, High-Speed Discharge** even as lubrication pressure gradually increases, such as during crawler track tensioning in construction equipment maintenance
- **Discharge Speed Selection** enables fast and easy adjustment on the jobsite
- **Accepts 14.5 oz. Grease Cartridges** or up to 16 oz. of bulk grease
- **Features XPT** (eXtreme Protection Technology)

\$379⁰⁰

40Vmax XGT BRUSHLESS GREASE GUN

XGT 40V_{max}

BL MOTOR XPT

LED Light
with twin LEDs

eXtreme Protection Technology (XPT)

offers maximum protection against dust, debris and liquids for optimal performance in extreme conditions

Discharge Speed Selection and Preset Counter

for fixed-quantity discharge with LCD status display

Air Lock
detection function

Makita Purpose Built Brushless Motor

delivers stable, high-speed discharge while maintaining a maximum pressure of 69 MPa

Flexible Hose

Variable Speed Trigger
for adjusting discharge rate

Direct Loading
of bulk grease into the barrel

Reduced Air Lock Frequency

during cartridge replacement by shortening the grease flow path

Easier Bellows Cartridge Replacement
with an improved housing design

Includes Shoulder Harness

Ideal for fast and easy greasing of heavy equipment, outdoor power equipment, automobiles and more

40Vmax XGT BRUSHLESS HIGH POWER IMPACT WRENCHES

Powerful & Precise Heavy Duty Fastening!

XGT 40V_{max} **BL**
MOTOR

**40Vmax XGT BRUSHLESS
1" LONG ANVIL IMPACT WRENCH,
TOOL ONLY**

- Maximum Fastening Torque:
2,300 ft/lbs (3,150 Nm)
- Nut-Busting Torque (Reverse):
2,950 ft/lbs (4,000 Nm)

\$1,299⁹⁹

MODEL #
TW010GZ

XGT 40V_{max} **BL**
MOTOR

**40Vmax XGT BRUSHLESS
3/4" HIGH TORQUE
IMPACT WRENCH, TOOL ONLY**

- Maximum Fastening Torque:
1,330 ft/lbs (1,800 Nm)
- Nut-Busting Torque (Reverse):
1,510 ft/lbs (2,050 Nm)

\$569⁰⁰

MODEL #
TW001GZ

XGT 40V_{max} **BL**
MOTOR

**40Vmax XGT BRUSHLESS
1/2" HIGH TORQUE
IMPACT WRENCH, TOOL ONLY**

- Maximum Fastening Torque:
1,250 ft/lbs (1,700 Nm)
- Nut-Busting Torque (Reverse):
1,620 ft/lbs (2,200 Nm)

\$499⁰⁰

MODEL #
TW002GZ

XGT 40V_{max} **BL**
MOTOR

**40Vmax XGT BRUSHLESS
1/2" IMPACT WRENCH,
TOOL ONLY**

- Maximum Fastening Torque:
260 ft/lbs (350 Nm)
- Nut-Busting Torque (Reverse):
465 ft/lbs (630 Nm)

\$399⁰⁰

MODEL #
TW004GZ

40Vmax XGT BRUSHLESS

HIGH POWER IMPACT WRENCHES

TW010GZ

FEATURES & BENEFITS

- **Genuine Makita Purpose-Built Brushless Motor** electronically controlled to optimize battery energy use for longer runtime per charge, while eliminating carbon brushes to run cooler, more efficiently, and with a longer lifespan
- **eXtreme Protection Technology (XPT)** offering maximum protection against dust, dirt and debris for optimal performance in extreme conditions
- **LED Job Lights** with pre-glow and after-glow features illuminates work area
- **Friction Ring** acting as a retaining mechanism that holds the socket onto the anvil, allowing for fast, tool-free socket changes
- **Ergonomic Soft Rubber Grip Design** for vibration absorption and comfortable operation

40Vmax XGT BRUSHLESS 24 L VACUUM SWEEPER

Handle the Messiest Indoor & Outdoor Cleanups!

MODEL #
VS001GZ

XGT 40V_{max} **BL**
MOTOR

40Vmax XGT BRUSHLESS 24 L HEPA VACUUM SWEEPER, TOOL ONLY

- **Dual Suction Modes:** Standard Mode for cleaning large amounts of dust and waste, and Quiet Mode ideal for cleaning indoors and in smaller areas
- **3-Brush Design** engineered for cleaning a variety of dust and waste materials
- **Cleans up to 93,000 sq.ft. per charge***

\$3,769⁰⁰

*using TWO 40Vmax XGT 8.0Ah batteries (sold separately)

40Vmax XGT BRUSHLESS 24 L VACUUM SWEEPER

XGT 40Vmax

BL MOTOR **XPT** **HEPA filter**

Capable of Cleaning Dust or Waste of All Sizes from Small Dust Particles to Large Debris such as 500 ml PET Bottles

HEPA Filtration

Efficiency of 99% or greater for 0.3 micron in diameter particles

Two Main Brushes

- Located at the bottom of the machine
- Height adjustable (0-20 mm)
- Tool-less replacement

Side Brush

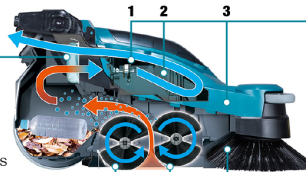

- Allows user to clean up to the edge of walls
- Height adjustable (0-15 mm)
- Tool-less replacement

Rotation Speed

of the main brush / side brush can be switched between standard and quiet mode according to the work environment

Cleaning Width

- 18-7/8" (two main brushes only)
- 25-1/2" (two main brushes w/side brush)

3 High Power Motors

- 1 for dust collection (Brushless)
- 2 for filter cleaning (Not Brushless)
- 3 for main brushes and side brush (Brushless)

24 L

Dust container capacity

Control Switches

are located on the handle's control panel

Storage

machine stays upright when handle is folded

Excellent Portability w/Leading Lightweight Design, Folding Handle and Carry Handle for Easy Transport and Storage
